

Friends,

It is with mixed emotions that I would like to inform everyone that I will be retiring from my business as of January 1st.

Due to health issues I am no longer able to run the business on a daily basis.

The Speedmaster brand and business will continue on under the management of Harry Wetherbee and Ross Medina. Harry has been the machinist of the Speedmaster hardware for several years.

Business operations will resume Jan. 7th 2008 from our facility in Florida.

You can contact Harry or Ross using any of the following.

Office & Fax : (407) 889-2283

Email rsfspeedmaster@aol.com

It has been my pleasure to provide you with boats and parts these many years. I will always cherish the many good friends I have made all over the world.

Thanks to my many Friends and loyal customers,

Bill McGraw
